# OCPA 2009 CONFERENCE

---

The Ohio Crime Prevention Association (OCPA) was founded in 1977 by a group of dedicated law enforcement officers concerned about the safety of Ohio residents. Today, as the largest state crime prevention association in the nation, OCPA is Ohio's central clearinghouse for state and national crime prevention and community policing training and resources, and maintains a diverse membership representing law enforcement, government, business, and community partners.

OCPA conferences consistently provide participants with professional crime prevention training and a uniquely structured agenda that emphasizes peer networking as a valuable learning tool. From nationally recognized keynotes, to workshops on church security, school safety, behavioral pattern recognition, customer service for law enforcement and various other crime prevention topics, you will receive training and materials to more effectively build safer communities.
